SPRING 2022 AIR CONDITIONING PRE-SEASON SPECIAL!

Call now for your spring air conditioning system tune-up and inspection. *Please mention this special when calling.*

Call prior to June 30th, 2022 and get our complete pre-season special for only \$145.00 (our regular price is \$185.00).

Additional units at the same location shall be done for \$100.00 per unit!

We shall run a Superheat test on your system to check the pressures, freon levels and for proper running temperatures. We shall visually inspect the wiring for loose or corroded connections. We shall check for the presence of oil, which could indicate the need for repairs. We shall inspect the outdoor condenser coil for dirt, damage or restrictions, and clean if necessary.

We shall visually inspect the air handler/evaporator coil. We shall check the air filters. We shall check the condensate pan and the drain line, and clean if needed. We shall inspect the evaporator coil for damage or restrictions, and clean if necessary.

We shall visually inspect the duct system and the freon lineset, and we shall recommend any repairs or adjustments.

This is a labor only special and does not include any parts, freon or air filters.

Please provide payment at the time of service!

**This special is available Monday through Friday
8 AM to 4 PM.**
